| 1      | <p><b>To receive the Chair's welcome</b><br/>Cllr Pegg welcomed everyone to the meeting and explained how it would run. He confirmed it would be live streamed on YouTube and speakers would be asked to move to the lectern for their presentation.</p> <p>He explained that “this meeting is not a council meeting. It is a Town Meeting for the residents of Downham Market. Although there are one or two councillors on the agenda who will bring you up to date with their comments, councillors that are here are residents for this meeting.”</p> <p>Cllr Pegg continued, “The council is now looking forward and looking to the future and hopefully changing things for the better. It is easy for me to say, but we are trying to move away from the past and facing new challenges and with several new councillors we are looking towards new horizons. One area of progress has been to see the market returning to a thriving place where we can see happy faces and people chatting again. We will get things wrong, but hopefully we can realise mistakes and rectify them in good time. No organisation is perfect, but you the public put us here to do the job of looking after the town of Downham Market. We are custodians of the Town and the council finances, your money, and you expect us to do our work to the best of our abilities. Next year is the year for local elections and it will be up to you to have your say in who you want to be on the council. I, and the rest of the councillors are looking forward to the coming year with a new Mayor and to settling down to work for you.”</p> |
