

Report for DMTC 3 October 2020

## **BCKLWN**

### Special Full Council Meeting 8 October

A Special Full Council Meeting was called last week. The Agenda items were

#### 1. KLIC Independent Enquiry

I voted Against this Motion as I believe there are unanswered questions about how West Norfolk Taxpayers money was spent and also the processes and scrutiny of the Council during the development of KLIC.

There are also additional questions about the success of KLIC as an innovation incubator

#### 2. Anti Money Laundering Policy

I voted for For this Motion

#### 3. Recovery Strategy

I voted For this Motion

### **Fitness Trail and new play equipment**

A portion of land for the Fitness Trail has been offered by the Borough Council which is a step in the right direction

However, it is between St Johns Business Estate and the Relief Channel and I do not believe it is suitable as it is too isolated. I have asked if an alternative piece of land is available

### **Community Speed Watch Team**

I have heard from the Police and we are trying to organise a Meeting of interested parties but within Covid 19 distancing restrictions

I have been involved with additional Ward business

Thank you

Andy Bullen
