

# BAR HIRE

Best@Bars Limited work in partnership with Downham Market Town Council to provide many different drink solutions for your event! Please see below the basic terms and conditions regarding the bar hire service at the Town Hall:

- There is a hire charge of £120 to have the bar on site. There are also various styles you can choose from when booking.
- There is no minimum spend behind any event bar at the Town Hall.
  - Best@Bars are the legal license holder for the Town Hall, so all drinks must come through them unless you make alternative arrangements with Best@Bars (which can be done regarding table wine, personal consumption etc). Failing to do this will break any licensing and public liability laws/insurance Best@Bars and the Town Council has in place.
  - If you are looking to hold a large event then please allow ample setting up time, all of the bar and equipment is stored off site (please seek advice from the licensee).
- The bar tariff is very competitive and reflects current 'pub' prices, this is available on enquiry.
  - Once hiring the bar guests are not allowed to bring their own alcohol in and consume it whilst the bar is open, this voids any insurances held by the bar company. In the unlikely situation that this happens then the bar has the power to close immediately and you could be fined up to £500.
